## AUTHORIZED DEALERS OF HEMPEL PAINTS IN OMAN

**HEMPEL**  
Trust is earned

Hempel is a world-leading coatings supplier for the decorative, protective, marine, container and yacht markets. From wind turbines and bridges to hospitals, ships, power stations and homes, our coatings protect man-made structures from the corrosive forces of nature.

### Decorative Coatings

Focused on safety, value, and quality, Hempel offers a range of decorative painting services that breathe new life into tired surroundings. Backed by the latest technology, our team of experts can help to ensure your coatings are applied efficiently and effectively, transforming your work or living environment into a bright and revitalized space.

# PROTECTIVE & INDUSTRIAL COATINGS

Hempel was founded in 1915 and is today one of the world's leading manufacturers and suppliers of coating solutions. Our advanced coatings can be found on millions of surfaces around the globe. From the world's longest bridges and tallest skyscrapers to airports, sports stadia and civil structures, our coatings protect your assets against corrosion in many different and challenging environments.

In an increasingly competitive world, it's more important than ever to maximize the effectiveness and durability of every coating. With our Protective Services, you ensure your coatings are applied correctly, efficiently and according to specification. This ensures you enjoy extended asset uptime and optimized maintenance intervals – allowing your business operations to continue with minimum interruption.

## Oil & gas

For 50 years, we have supplied corrosion-proof, high temperature-resistant, and special protective coatings for the oil & gas industry.

## Chemical plants

Hempel has supplied chemical plants with anticorrosion, insulation-lining and chemical-resistant coatings for over 50 years.

## Power generation

We have offered total protection suited to coal, gas, wind, hydroelectric and renewable energy plants for 40 years.

## Port machinery

Hempel coatings are renowned worldwide for protecting cargo-handling equipment, maintaining port activities in active service for longer.

## Infrastructure

Hempel's intumescent fire-retardant, protective and decorative coatings are used on skyscrapers, bridges and other buildings across the globe.

## Mining

Our epoxy protective coatings lend good weathering, anticorrosion, impact- and abrasion-resistant properties to the global mining industry.

## Railway wagons

We can supply cost-effective, wear-resistant and water-based coating systems to suit all railway needs compliant with environmental regulations.

## Water & waste

Hempel's high-performance corrosion- and chemical-resistant primers and topcoats guarantee better service life across the water treatment industry.
